Universal Clips

The Largest Manufacturer of Worm-drive Hose Clamps in Southern Africa.

DOUBLE / TWO EAR

'O' Clips

The permanent application crimped 'O' Clips are designed specifically for the fastening of any flexible hose or tube to a rigid connection where a permanent, reliable, high performance joint is required and are suitable for use with air, gases and liquids.

The two ears give the clip extra grip and help to maintain constant pressure around the hose. The edges are rounded to avoid damage to the hose. These clips offer great versatility in simple hose assemblies.

They are manufactured in mild steel and zinc plated but also available in stainless steel and / or single ear by special request.

CODE	"A"	Nominal	"C"
	Range MM	Inches	MM
100Z05X07	5-7	1/4"	6,0
100Z07X09	7-9	5/16"	6.0
