The Largest Manufacturer of Worm-drive Hose Clamps in Southern Africa.

FlipTop Wormdrive Hose Clamps

THE 'QUICK RELEASE' CLAMP

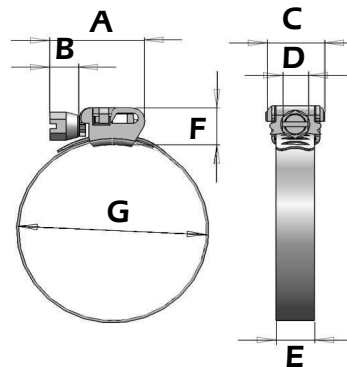

The re-usable FlipTop worm-drive hose clamp is suitable for all plastic and rubber hoses.

The Flip-Top design with flexible band facilitates a "Quick 'n Easy" fitting of the clamp in restricted or difficult applications, especially where the clamp has to be opened for installation.

It also has no spot welding and is designed to exert increasing closing pressure as more torque is applied to the screw.

The screw thread fully penetrates the perforated band, increasing the clamp's strength and reducing the chance of it working loose.
